Our value this term is: Perseverance.
"Be strong and do not give up, for your work will be rewarded."
2 Corinthians 15.7

Dear Parents/Carers,

As May ends so does the first half of the Summer term and it has been yet another busy and productive month for us all. This month has been particularly busy for Year Six as they have completed their SATs. I would like to say a huge well done to all the Year Six children. They have all worked incredibly hard, focused well and been a real credit to themselves, you as parents/carers and to the school. Wishing you all a well deserved rest over half term.

Miss R Green (Head of School)

Ladybirds

Ladybirds, have really loved learning more about Places. For Understanding of the world, we have immersed ourselves in the story 'Oliver's vegetables'. It has been exciting to explore 'The Garden', flowers, vegetables and insects. In RE, we have learnt about special places including places of Worship. Next term, we will be learning all about the sea side. Fingers crossed for some warm, sunny weather so we can enjoy a beach day in school. Wishing you all a restful half term.

Hedgehogs

Hedgehogs have enjoyed a fantastic term learning all about plants in Science. We are now experts in what plants need to grow and the difference between evergreen and deciduous trees! We also enjoyed a brilliant trip to the Silverstone Interactive Museum and cannot wait to learn about transport next term. Hedgehogs have also been writing recounts in English and focusing on fractions in maths. What a busy month it has been!

Otters

Otters have become expert historians learning all about The Roman Empire using a range of different sources. We particularly enjoyed taking on the role of Julius Caesar and finding out all about the unusual ways that Kings, Dictators and Emperors ruled. We have also been working hard on our writing this term and have written some AMAZING spooky suspense narratives. Well done for all the hard work Otters, have a lovely half term!

Dolphins

Dolphins have continued to be amazing this month. Year 6s have been extra busy leading up until and completing their sats, they enjoyed a well deserved treat on Friday afternoon. This month we have completed a few science experiments- including creating solutions, melting butter with different conductors and testing insulating properties. We were lucky to have Sam from Wrenn join us this week to complete our DT project, we made some FANTASTIC, fully working electric cars. Not only that, but casting and rehearsals are beginning for our performance- which the children are thrilled about! What a super month it has been.

Ladybirds	96.9 %
Hedgehogs	90.0 %
Otters	95.5 %
Dolphins	95.4 %
CURRENT ATTENDANCE	

Stars of the Week

12th May - Omar, Rose, Angus & Edward

19th May- Annie, Isobella, Jacob & Jessica

Coronation Celebration Day

Thank you to all the parents that came to join in with our King's Coronation celebrations on Friday 5th May and we were grateful the weather held for you all to enjoy their performances of dance, song, poetry and reading outside. Thank you for also for joining in the classrooms afterwards to help the children with their craft activities. It was a lovely afternoon of celebration.

Parking

Please remember to be considerate of residents and other road users when parking near the school at drop off and pick up times. We would especially ask that you try not to park too near to junctions or residents drive ways. Thank you.

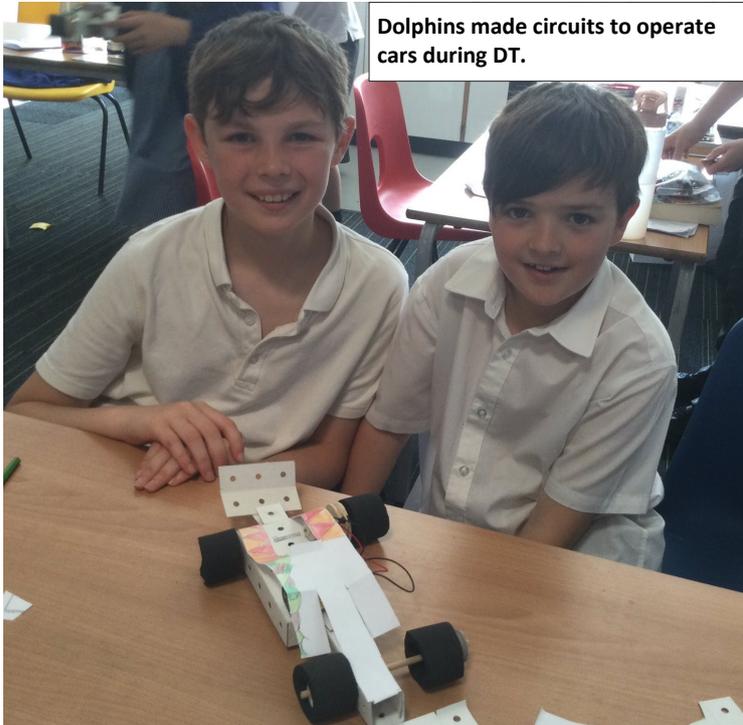

May Birthdays

Henry, Albert, Ralphie & Ella G-W

Mears Ashby School News

Friday, 27th May 2022

Dolphins made circuits to operate cars during DT.

Ladybirds used magnifying glasses to explore their outside area.

(Below) Hedgehogs created some healthy salad wraps in class and learnt about being hygienic and safe whilst chopping their salad up.

Otters have been working hard to find out about the rise of the Roman Empire in order to create a chronological narrative.
